

BRYANT'S REPLY IS EXHAUSTIVE

Attention Is Paid to Minute Details, But Result Is Unsatisfactory.

UPHOLDS MACHINE

Says True Republicans Must Swallow Every Plank in the Platform.

IT IS NOT CONVINCING

General Bryant has answered General Winkler's list of questions. He has made a more extensive display of the matter than did his original letter or did Mr. Winkler. He has gone into details and has treated the affair in a most matter of fact manner. The answers are all arranged according to number and every minute detail is gone over and thoroughly thrashed out.

Despite his statement to the effect that he intended to show more courtesy than did General Winkler by not sending his letter to him personally before it was published, General Bryant gave his answer to the press representatives as soon as it was finished. The letter itself is very long and covers over four columns. It is exhaustive, but is not entirely consistent in all its parts.

Written By Many
From its phrasing and entire character, it would appear that the letter is the work of several men, and not of General Bryant alone. Word had been sent out from Madison some days ago that Governor LaFollette would superintend the work and it is generally thought that others beside him had much to do with the construction. The entire letter is devoted to stating the stand taken by the Governor and his faction of the party. It more clearly than ever defines the actual policy that is to be the dominant one than did the first letter of Bryant's.

Stick To Party
It takes the stand that the majority in adopting the platform that it did is the part of the party to be followed and appeals to the minority to support the platform and ticket. It says that it is the plain duty of every republican to work for and elect men who will work for the enactment of the pledges set forth in the state platform.

FOUND FELLOWSHIPS FOR WISCONSIN MEN

President Adams' Will Leaves Entire Estate to University on Decease of Widow.

Redlands, Cal., July 31.—The will of Charles Kendall Adams gives practically the whole of the estate to the widow during her life, but at her death the property will go to the University of Wisconsin, to be maintained as a separate fund known as the President Adams fellowship fund.

The will provides for the investment by the university of the entire estate and the creation out of the income and accumulation thereof of fifteen fellowships of \$10,000 each, consisting of five fellowships in English language and literature, five in modern history. The fellowships in English are to be known as Mary M. Adams fellowships, all others as President Adams fellowships.

The regents of the university are given power to combine for any one year income two funds of the same class. In case of exceptional brilliancy on the part of a candidate, bestow same on a single appointee and authorize him to prosecute his studies in any foreign land, and in such case the same shall be known as President Adams traveling fellowship.

Lucien S. Hanks, Burr W. Jones of Madison, Wis., and John P. Flak of Redlands, Cal., are named as executors. No estimate is given of the value of the estate.

RIOT AND BLOODSHED AT RABBI'S FUNERAL

Indignant Jews Resent Attack by Workmen and Hurl Stones at Building.

New York, July 31.—Riot and bloodshed raged about the house in which the tall, clad body of Chief Rabbi Jacob Joseph was being borne to its last resting place. The dropping of missiles from the printing press factory of R. Hoe & Co., at Grand and Sheriff streets, changed 50,000 mourners into a mob clamoring for vengeance upon those whom they accused of insulting their religion and showing disrespect to their dead.

What had been one of the most impressive spectacles the city ever had seen became almost in the twinkling of an eye one of the worst riots the police ever have been called upon to quell. Sticks, stones and clubs were hurled through the air. The windows of the factory were broken and enraged Jews were driven from the building by streams of water from the fire house.

WANTS TO GO TO CALIFORNIA

Takes Money from Bible to Speculate With—A Missouri Woman's Story.

New York, July 31.—(Special).—Harris, Gates & Co. will send back a twenty dollar bill which the firm received today from a woman in Missouri. Instead of obliging the woman by so investing it that it will yield \$200 the amount that she wants in order to go to California. She said in her letter that she had surreptitiously removed the bill from the family bible, between the leaves of which it had been placed by her husband, who had proposed to deposit it in a savings bank.

Wanted Millions
The woman had evidently read of one millions that the firm is credited with having made in the July corn deal and the Louisville and Nashville and other railroad deals. Here is not the only request of that sort that has been received by Harris, Gates & Co., lately, and they do not want to establish a precedent by paying \$200 for twenty dollar bills.

SPARKS FROM THE WIRES.

Many persons perished in a big fire at Lourdes, France.

A plot by which the Fair store in Chicago was robbed of \$30,000 was discovered.

The German cement trust was dissolved after having failed to control prices.

The Denver women's winery case was appealed to the supreme court.

The Chicago Underwriters' association has started an anti-rubbish campaign.

The Thomas J. Lipton packing plant in Chicago was damaged to the extent of \$250,000.

Gough and Grant, who have been held for the Chicago murder of Mrs. Stewart have refused to speak.

A British steamer was sunk and forty persons perished in a collision near Malacca Straits Settlements.

Generals DeWet, Botha and Delarey received an ovation on their departure from Cape Town for Europe.

Attorney General Hamlin has prepared evidence to enable the state of Illinois to fight the packers' combine.

Prof. Sykes in a lecture before the summer school of the university of Chicago said that only fools deery Browning.

The Chicago pneumatic tool company secured a monopoly by buying out the British concern at a cost of \$500,000.

The Chicago Telephone Co.'s plant in Winthrop harbor was given into the receiver's hands. 150 men were thrown out of work.

\$10,000,000 of the \$25,000,000 capital of the London underground railway system which C. T. Yerkes is promoting is American.

The Illinois Federation of Labor expelled two officials for alleged activity in promoting the interests of a rival organization.

The Chicago board of review will now make a systematic search for diamonds and jewelry not included in the assessment lists.

The Illinois Central has bought the Chicago and Eastern Illinois road thus shutting out the Louisville and Nashville from Chicago.

The Chicago board of review decided that all church and religious property not in use for religious or educational purposes is taxable.

The Chicago striking messenger boys of the wholesale drug stores threw stones at the union teamsters for refusing them aid.

Chicago's right to compel the People's Gaslight and Coke company to furnish seventy-five per cent gas was upheld by the circuit court.

Granger Smith of Chicago tried to kill himself in order to ease his physical suffering. The bullet entered his head but did not prove fatal.

A mob of striking miners took possession of the town of Shenandoah, Pennsylvania, after a battle with the police in which twenty were shot.

A new wage scale is being presented to all of the Chicago street railway companies. The Union Traction asked for 33 per cent advance.

Officials have declared that there has been no misunderstanding between the United States and Cuba over the site of the new naval station.

Rabbi Joseph Stolz of Chicago in a funeral sermon over the late A. M. Rothschild said that the rush for riches and power had caused many tragedies.

A Rock Island company with a capital of \$150,000,000 was incorporated in New Jersey. Its object being to acquire stocks and bonds in order to merge corporations.

The will of Dr. Charles K. Adams left his entire property to his widow during her life after which it will go to the University of Wisconsin to found five fellowships.

Democratic Name Yost.
Bloomington, Ill., July 31.—The Democratic congressional convention of the Seventeenth district nominated Z. F. Yost of Pontiac for congress.

This was the first convention under the new apportionment law in the district.

Arrest Smuggled Chinamen.
Douglas, Ariz., July 31.—A prairie schooner loaded with six smuggled Chinamen, piloted into this country from Mexico by an American was captured near here by custom guards. The driver escaped, but the Chinamen are in custody.

John C. Burt, superintendent of the Hahnemann Hospital, Chicago, is visiting Mrs. Selden Otis.

STATE MILITIA IS ORDERED OUT

To Quell Riots Among the Striking Miners in Pennsylvania.

HAS GOOD EFFECT

Presence of Soldiers Gives Assurance of Safety to Alarmed Citizens.

MITCHELL IS WORRIED

(Special By Scripps-McLae.)
Shenandoah, Pa., July 31.—The presence of state troops in the streets of the town this morning had a salutary effect upon riotous strikers and alarmed citizens, after passing a restless night, are confident that there will be no serious outbreak while the soldiers are here.

Gen. Corbin in Command
Brigadier General Corbin is in command of the troops, composed of the Eighth regiment from Harrisburg and the Twelfth from Pottsville, which arrived at six thirty this morning.

Mitchell is Displeased
Wilkesbarre, Pa., July 31.—President Mitchell of the Mine Workers this morning said that he deeply regretted the unfortunate happening at Shenandoah. He was not officially informed as to the causes. He had repeatedly warned the miners that a person who violated the law was the worst enemy the strikers could have. Mitchell looked worried.

BIG SHAM BATTLE IS ARRANGED FOR

Navy Will Attack—Army Defend, the Long Island Fortifications.

Washington, D. C., July 31.—(Special).—Announcement made by the navy department today shows that a formidable fleet will represent the enemy which will attack the fortifications defending the eastern entrance of Long Island Sound. This fleet will comprise the battleships Alabama, Kearsarge, Massachusetts, and Indiana, armored cruiser Brooklyn, protected cruisers Olympia, Cincinnati, and Montgomery, monitors Puritan, Amphitrite and Terror and gunboats Mayflower, Marietta, Newport, Gloucester and Topeka. This force will represent the strength of a hostile fleet which would attempt to pass the fortifications defending the sound.

Fleet Scattered
At present it is considerably scattered, the Cincinnati, Marietta, and Topeka being in the Caribbean sea, and the monitors and most of the gunboats being on special duty. The navy department is hopeful that an improvement will occur in the situation in Venezuela in the course of the next two weeks, when the Cincinnati, Marietta, and Topeka will be ordered north.

Army Ready
It also developed today that the army is earnestly working to put itself in condition to defend itself against the attacking squadron. Major General MacArthur has called a meeting at Newport of representatives of the artillery corps and ordnance and quartermaster's department. Brig. Gen. Randolph, chief of artillery, is now making an inspection of the fortifications. Brig. General Greely, signal officer will be at Newport about August 4, and will call some of his signal officers on duty in Washington to that port to discuss the means to be adopted for sighting and reporting the "enemy."

McArthur Commands
Lieut. Gen. Nelson A. Miles, commanding the army, may be a spectator during the operations. Though the general has had no connection with the plans of the maneuvers, he is deeply interested in them and has followed developments with great interest. He has practically decided to go to Newport the latter part of August. He will in no way interfere with General MacArthur's plan of campaign and this will be understood in advance.

TEXAS FLOODS ARE INCREASING

The Sale of Tickets to the Place Is Stopped on Some of the Roads.

(Special By Scripps-McLae.)
Dallas, July 31.—The flood situation in Texas remains worse if anything than hitherto. Losses of tracks and bridges are reported on nearly every system in the state.

Stop Ticket Sale
The Texas and Pacific road has stopped the sale of tickets west of Abilene. Great loss of life is reported in the vicinity of San Antonio. The Sabine river at Quinlan is two miles wide.

The Gaylord interests asked a change of venue from Judge Horton in the canal power litigation. The result will probably allow the syndicate to rush work on their power plant while the drainage trustees will be delayed.

CHICAGO HAS ANOTHER STRIKE

Boiler Makers Walk Out and Demand Uniform Day's Work.

ALSO, MORE PAY

Want an Increase of from Twenty to Forty Per Cent Wages.

3,100 MEN ARE OUT

(Special By Scripps-McLae.)
Chicago, July 31.—A committee representing twenty-one hundred boiler makers located in Chicago visited sixty shops in this city and notified the men working there that a general strike had been declared.

Demand Uniform Pay
The strike is to demand uniform days' work and advance of from 20 to 40 per cent. over the present pay rates for the different work.

May Spread
It is thought in labor circles here that the strike will spread to other cities and that other industries aside from the boiler makers will be affected by the move.

Floating Pumice Stone.
Fragments of pumice stone of the size of a grain of wheat floating on the ocean sink in two or three days. If they are of the size of a walnut they swim two or three months.

NEW SHELL IS APPROVED OF

Naval Officials See Importance of the Army Invention—New Explosive Satisfactory.

Washington, D. C., July 31.—(Special).—Rear Admiral O'Neill, chief of ordnance of the navy, acknowledges that the army has achieved a victory over the world in its development of a high explosive and fuse which will penetrate the best armor in the Tribune dispatches yesterday. The contest between armor and projectiles, which has been going on for years and which had for some time been in favor of armor, now finds the projectile in the lead.

New Armor
He said: "It is impossible to thicken armor. It has reached its maximum thickness. The problem now presented by the new army explosive and shell is how the armor may be improved. This means the discovery of a process which shall harden armor and give it greater invulnerability with no increase in weight. Of course, it must always be taken into consideration that the uncertainty of fire affords a sort of protection to a vessel of war attacked by the guns of another ship or the guns of the land fortifications."

Excellent Tests
The tests to which the armor is subjected and which disclosed the penetrative quality of shells are conducted under most favorable circumstances for the projectile and unfavorable conditions for the target, so that armor is sometimes penetrated and destroyed in a test when the circumstances of firing at sea would not have any such effect. This is due, of course, to the fact that it will be seldom that a shell strikes the target fairly and the glancing blow by the projectile will do comparatively little damage.

Can Not Be Ignored
"Nevertheless it is an important step which is now regarded by the army ordnance office, and it has a significance which will not be ignored by naval experts. When it is considered that our new ships being planned will carry 3,500 tons of armor or 1,000 more than the ships hitherto built, it will be appreciated to what extent the service takes an interest in a missile which may mean that armor does not afford the requisite protection."

CALIFORNIA IS TERROR STRICKEN

Seismic Disturbances Continue To Be Felt Throughout the State.

(Special By Scripps-McLae.)
San Francisco, July 31.—Seismic disturbances continue to be felt throughout the state. Plaster has been broken and plate glass is smashed to bits by the quaking of the earth.

At Los Alamos
A severe shock was felt at Los Alamos early this morning that did some damage. At Santa Barbara, the quaking of the earth lasted ten seconds. Much alarm is felt throughout the state.

Forty Lives Lost
Singapore, July 31.—In a collision off Malacca, Straits Settlement, between the British steamers Prince Alexander and Ban-Hin-Guan, the former vessel was sunk and forty lives were lost.

FIFTY THOUSAND IS DESBROW'S BIT

Accused Murderer Falls Heir to a Fortune by the Death of His Grandfather.

Jersey City, July 31.—(Special).—Held by the grand jury of Suffolk county on the charge of causing the death of Clarence W. Foster and "Dimple" Lawrence at Good Ground L. L. Desbrow, in a cell in Riverhead jail, is believed to be heir to \$50,000 from the estate of his grandfather, Hosea B. Perkins, who has just died. He had been sick for more than a year, and when the Good Ground tragedy and Desbrow's connection with it became known here was much speculation as to whether he had made any change in his will which it is understood, provided a legacy of \$50,000 for each of his grand children.

He Never Knew.
Mr. Perkins' condition of health was such that news of the tragedy probably would have hastened the end, so he never was informed of his grandson's plight. He was 83 years old.

STATE NOTES

Leonard Coleman of Waukesha, a prominent citizen and a politician, died Wednesday.

Mrs. Mary Meranek, aged 75, and Frank Moulis, Sr., aged 67, were married at LaCrosse.

The village board of Bruce have decided to build a central high school at a cost of \$10,000.

The Elks' carnival at Ashland opened Monday. Hundreds of visitors have been attracted to that city.

Valuable building stone property near Manitowish will be developed by capitalists of that city and Oshkosh.

A severe storm passed to the north of Appleton on Wednesday afternoon and did considerable damage to the crops.

David Poquette, a Menominee "boom" man stayed under water ninety-two seconds in order to win a bet.

Articles of Incorporation were filed at Madison for the Klondike Mining Company for mining lead in Grant county.

Dr. Lummis of Lawrence university has removed 25,000 dandelions during the past five years from his lawn in Appleton.

Edward Berry of Rhineland accused of complicity in the murder of Conductor Young, was arrested at Algona.

John M. Driver of Racine, outbid his mother in the purchase of the Driver homestead, which was sold by the sheriff.

The ten-year old son of Sam Sampson of Dunbarton was rescued with great difficulty from drowning in a mudhole.

Dr. William Monroe of Monroe was eighty-four years of age Wednesday and the event was celebrated by a family reunion.

The \$2,000,000 suit of several New York parties against the Milwaukee road was dismissed by Judge Bunn of the federal court.

Peter Murray, a well-known citizen of Dunn county committed suicide at Menominee during a fit of mental derangement.

Elynn F. Larson, who was charged with forging a note waived examination at Durand and will be held over to the circuit court.

The owner of the Weyerhaeuser dam at Manitowish has refused to open it to allow the log drive of the Menasha Wooden Ware company.

Mrs. John Khoury had her fingers burned off from both hands in the attempt to save her three-year-old daughter from burning.

The Waukesha Springs Sanitarium company will soon commence the reconstruction of the building, which was destroyed by fire last fall.

The Davidson steamship damage suit will be given another trial to fix the blame for running into the government crib at Two Harbors.

The state board of control will probably postpone the election of a warden for the state penitentiary until the regular August meeting.

The saw mill at Dry Wood, fifteen miles north of Chippewa Falls was destroyed by fire from incendiary origin. The loss amounted to \$2,500.

Many of the farmers of Outagamie county have locked up their stock until the mad dogs that are abroad shall have been put out of the way.

J. R. Pedix of Fond du Lac, a veteran of the civil war, committed suicide. He took pills green and tied a noose about his neck to make death doubly certain.

A man named Downes, arrested near Loreto, is the last addition to the list of suspects charged with the murder of Conductor Young. He was taken to Green Bay.

Appropriate ceremonies are to be held tomorrow at Green Bay to commemorate the twenty-fifth anniversary of the founding of the St. Joseph orphan asylum in that city.

Nine sheriffs from Wisconsin and Minnesota have organized to scour the country near LaCrosse to bring to light the horse thieves that have been operating in that section.

A delegation from Kenosha county appeared before the state tax commission at Madison Wednesday to ask that \$1,218,000 be taken off from the assessment of that county.

Wig-Ton Company.
Ironton, O., July 31.—The Valley Iron company with a capital of \$1,000,000 will be organized next month to develop mineral lands near Chattanooga, Tenn., by Ohio and Pennsylvania capitalists. A 200-ton blast furnace will be erected.

The Chicago aldermen inspected the subway system of Boston.

VOTERS ASKED TO SAVE SPOONER

Republicans Who Supported Governor Sign Call for His Re-election.

JOHN HICKS LEADS

Call Published in the Oshkosh Northwestern Last Night.

CREATES MUCH TALK

(Special A. D. Dispatch.)
Milwaukee, Wis., July 31.—Political circles are much excited over the appeal to voters published in the Oshkosh Northwestern last evening with the signatures of thirty representative Republicans of the state. The list is headed by ex-Gov. Hoad, and has among other signers, A. P. Wilder, Madison; Henry Casron, Madison; John C. Koch, Milwaukee; Joseph End, Sheboygan; John Hicks and George Buckstaff, Oshkosh, and J. H. Stout, Menominee. All these have been prominent in the past campaign on the Governor's side of the fence.

Remarkable Call
The call is remarkable for the fact that it does not ask that Senator Spooner give his opinion or ratify the platform that was adopted at Madison. It is a call, pure and simple to the voters to elect assemblymen and senators who are for Spooner, first and last, irrespective of the fact that he does not give his opinion on the state plank referring to him.

Creates Excitement
The call has created excitement all over the state and from present indications will be used by the assembly campaign managers as a campaign document. Winnebago county has assured the Spooner supporters here that they will send four solid representatives to the legislature instructed to vote solidly for Spooner and never waver in their allegiance to him.

Thousands Available
Col. John Hicks, of the Northwestern states in an interview that thousands of signatures were available but that the thirty-six chosen were all men who had been prominently identified with the past campaign, many of them on the Governor's side of the fence. He also goes farther and states that the qualifications for candidates for office should be that they vote solidly for Spooner.

In Dane County
Republicans and Democrats are working tooth and nail to secure a solid Spooner delegation for the coming legislature. Hugh Lewis, an old time democrat, who has been a power in his party in the days when Dragg was the leader of the Wisconsin democracy, is in Madison from Washington working in the interest of Spooner. He is enthusiastic for the Senator's return and is also working for the nomination of "Cully" Adams for congress.

Favor Call
Prominent Spooner men in Madison have sent in their approval of the call issued and claim that while it will have no great influence on Dane county results, as that is solidly Spooner, it will be beneficial to the state at large.

The Call
The call issued is as follows. "To the Republican Voters of Wisconsin: The next legislature is to choose a United States senator. It is useless for us to call your attention to the valuable services Senator John C. Spooner has rendered the Republican party. In all the serious problems which have confronted the nation since the war with Spain his statesmanship, his mind and his oratory have been foremost in championing and solving the vexing problems of national import. The success which has attended his efforts reflects not only glory and credit upon the nation, but the state as well. His ability and services place an imperative demand upon the people of Wisconsin to return Senator Spooner to the senate."

"We do not believe the issues which are involved in the state campaign obtain in the re-election of Senator Spooner. He is of national importance. The failure of the Republicans of Wisconsin to return him to the senate would be a sad reflection upon the party and would bring upon our people, the universal criticism of the entire nation."

"In view of the unimpeachable republicanism and public record of Senator Spooner and the demand for his retention we are constrained to make this address to the republicans of Wisconsin. We urge them to perform that duty which the party owes this faithful servant. We urge the friends of Senator Spooner in every precinct to be active from now until election time in organizing and crystallizing the Spooner sentiment to the end that the republican legislative nominees are not only personally in favor of John C. Spooner's retention, but are also instructed by the conventions which nominate them to vote unconditionally for his re-election."

The appointment of Cardinal Vanthell as head of the propaganda at Rome may afford an opportunity to Prince Rospiolosi to have his marriage with Mrs. Parkhurst solemnized.

WET WEATHER HINDERS WORK

MILTON AVENUE TORN UP FOR
SEVERAL BLOCKS.

WORK IMPEDES ALL TRAFFIC

Contractor Blake Ready to Rush the
Work When Weather Per-
mits.

Chaos is now reigning supreme on Milton avenue. From Hyatt to St. Mary's streets the work of destruction is complete and the constructive part of the work is about to begin. The steam roller is puffing about with great importance and stone will soon be hauled to macadamize the street.

Wet Weather.
The same old repeated cry of the season is heard on the avenue that has prevailed elsewhere. It is too wet for the work to be pushed rapidly, they say. The steam roller is there, ready, but the ground is so soft, that the roller can hardly do its work to the best advantage. On Wednesday, when the roller was about to be taken out for a little spin up and down the street to smooth out some of the high places, a broken grate forced the dumping of the fire and the cessation of operations with the sixteen-ton machine for the day. The work was not delayed, however, as the ground could not have been rolled to the best advantage until it became more firm.

All is being done to hasten the process, but macadamizing and the building of cement curbing, is at best slow work and with the additional handicap of wet weather, it is little wonder that the work has been under way for a long time, and will be for a longer period before it is completed.

Cars Blocked.
For several days the street cars on the Milton avenue branch have been obliged to terminate their trips at Hyatt street. In the course of a couple of days it is expected that the cars will be allowed to run through to the end of the line, regardless of the work that is going on, but at present, the line is so badly torn up, that it is not safe to allow the cars to pass.

New Ties.
Over this same stretch of two blocks, from Hyatt out all of the ties will be renewed. Below that point only those ties that are most worn, will be replaced. This will be the last convenient opportunity to do any repairing on the line and the attempt will be made to get everything in as good shape as possible before the pavement is in place.

To Haul Stone.
The rolling of this section above Hyatt street, will be completed today or tomorrow after which stone will be hauled to prepare for macadamizing. Wagons are now hauling dirt that is being taken out to different streets that need repairs. A large part of the dirt is being dumped on Monroe street.

Go Deep.
A large quantity of dirt is being taken out in preparation for paving and in some places where the grade is being changed, the trenches for the curbing have been dug so deep that, as they are now placed, they stand several inches below the surface of the street.

Curbing Goes Slowly.
Excavations have been made for the curbing as far as Prospect Ave., and the curbing has been placed in position nearly to the same point. This part of the work has not progressed rapidly and it will be a long time before it is all done. Several residents along the avenue are placing bets that the last workmen will not leave the street before the snow flies. But residents do not always know.

Not Complete.
With a few exceptions, the curved corner curbs for the driveways, and cross streets, have not yet been put in. Between the curbing and the sidewalk, several of the house owners have already leveled the earth that has been thrown up in large heaps and the appearance of their property has been correspondingly improved.

Streets too Narrow.
At one point at the lower end of Milton avenue, near Milwaukee street where the new pavement will come to an end, the surveyors have discovered that the sidewalk and curbing line where cement walks have already been put in, runs considerably beyond the line that is to be established. If the curbing is left as it is, it will narrow the street, while if it is changed it will involve needless time and expense.

THE VIEWS OF HOARD.

Opinion of Former Governor Hoard. Jefferson Co. Union: In many respects the Republican state convention held in Madison, last week, was one of the most notable and far-reaching in its probable effects of any political gathering in the history of Wisconsin.

It was notable for the almost complete domination of two ruling political ideas and purposes—primary election and taxation reform—to the exclusion in many respects of the ordinary political wisdom which governs such bodies.

It was notable for the fact that in its personnel it was made up very largely of young men of splendid zeal, force, and purpose and unbounded loyalty to the master spirit of the convention, Governor LaFollette.

It was notable for an almost complete forgetfulness of all consideration of national politics or the wide and growing interests of our state life as manifested in our educational interests, our agriculture or our commerce and manufactures.

It was notable for the exclusion from its councils in the making of the platform of nearly every member of the party who would not or could not subscribe to certain theories, or who, subscribing to these theories,

was known to be a friend of Senator Spooner.

It was notable beyond all precedent for its refusal to consider in the make up of the ticket that there was a large and powerful minority in the party whose co-operation at the polls is necessary to success.

It was notable for an almost sublime belief in the idea that a nomination is equivalent to an election in Wisconsin. It was notable for the grand and inspiring evidence it afforded that the politics of this state is not yet given over to the control of corporations and that strenuous effort will yet be made to secure laws that shall work justice in the matter of taxation.

It was notable for a very conspicuous lack on the part of its managers of plain political wisdom. Had they been wise to the end of promoting causes and taxation reform, they would have endorsed Senator Spooner unconditionally and thus taken him as an issue out of all future contests in legislative districts. No state convention can dictate through its platform or otherwise to the voters of any legislative district, what their choice shall be for the United States senate. They are the masters of their own actions and their instructions to their legislative candidates are paramount and final. This is one of the elementary principles of Republican politics. As the situation now stands the administration finds itself handicapped with a third and most potent issue, that of the election of Senator Spooner, when by the exercise of a little political sense, it could have been avoided. There is work enough ahead to secure a legislative favor to causes and taxation reform without being loaded down with a third issue.

The convention was a splendid triumph for Governor LaFollette and the practical issues he and his friends have contended for so long. It read a serious lesson to those politicians who trifle with the expressed will of the people. Out of it all will come, we believe, great good to the common people.

The editor of The Union was a delegate and strove to do what he could as a friend of the administration in the promotion of what he believed to be wise political action. To this end he supported the minority report on Senator Spooner and the renomination of State Superintendent Harvey.

There is no time for recrimination or fault finding. The stalwarts are responsible for the situation in which Senator Spooner is placed. The LaFollette leaders are responsible for not rising to a full view of the dangers as well as the obligations of victory. "Let us have peace." Every true Republican should cast aside his resentments and grievances and, in a mainly way, work for the success of the Republican ticket next fall. There is too much involved in the interest of the plain people to do otherwise.

The Federation of Woman's clubs has extended the right of honorary membership to the men who make Rocky Mountain Tea. Women's greatest benefactor. Smiths' Pharmacy.

HARNESS THIEF WAS INSANE

CAPTURED HERE BY HOGAN

In a Madison Court He Was Found
To Be Off, and Was Sent
to Mendota.

William H. Miller, the Madison young man, arrested by Chief Hogan last week, while trying to dispose of a set of harnesses and fly nets at T. C. Costigan's harness store, has been committed to the insane asylum at Mendota, by the authorities at Madison. After being brought back to Madison, he was brought before Judge Zimmerman and given an examination as to his sanity. A number of witnesses were sworn and on their testimony the young man was committed to Mendota. It appears "Goldie," one of the features of Miller's insanity, seems to have been a 20-page letter to his mother, written every day and never answered. In a recent one of these epistles, he pleaded with her to go with him to the assembly or to the dells of Wisconsin. If she would go to the dells he would send her a pair of slippers. If she would go to the assembly, he would take her mother along.

The day he came to Madison with the stolen property in his buggy, he went to the postoffice and wrote her a long and characteristic letter. He said he preferred not to go to the dells on Sunday as he had conscientious scruples against merry-making on the Sabbath day. After mailing this he went to Janesville, leaving his rig standing in Madison and tried to sell the stolen property. Those who testified in the examination yesterday were J. W. Custer, Charles Moore, Howard Miller and Mr. and Mrs. John Bearbower.

The unfortunate young man is the son of a minister and of highly respected family. He has been a hard worker and of exemplary character.

Two million Americans suffer the torturing pangs of dyspepsia. No need to. Burdick Bitters cures. At any drug store.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

If you believe what you read about Rocky Mountain Tea, see that you get the genuine, made only by the Madison Medicine Co. 35c, no more, no less. Smiths' Pharmacy.

NORTHWESTERN IS IMPROVING ROAD

LARGE FORCE OF MEN P-ACING
NEW CULVERTS.

MAKE ALL DOUBLE WIDTH

The Combination Bridge Work is
Now Rapidly Nearing Com-
pletion.

Railroad repair gangs are having no off days at present. Both roads are deep in improvements, additions to their present lines, and repairs and overhauling of the old tracks. The North-Western are doing the greater part of their work outside of the city, while the Milwaukee people are fixing up their lines here in the city.

The North-Western.
The North-Western road has one gang at work under Foreman Welsh, to the south of the city, where the Interurban track runs through a cut in the steam road's embankment. The men are hard at work and are pushing the new bridge as fast as they can, but the difficulty is to get a sufficient number of men. At best a man cannot work as hard with the thermometer exploding from the heat as he does when his feet are likely to freeze to the ground if he stands still.

Double Track Culverts.
The same road has a larger force of men on the new culverts which are being put in the north end of the city. This work cannot possibly be finished until late in the year. After the time that the men have already been on the work only one culvert has been completed and the others are still a long way from that point. Every part of the structure is being done with the utmost care and it will be a big fresher, so they say, than can wash out the masonry that is being put in. Everything is built double track with preparatory to the parallel track system that will inevitably be established along this part of the line.

Bridge Incomplete.
The Milwaukee road's bridge immediately above the Milwaukee street bridge, is still incomplete. All that remains is to finish the work on the foot bridge and railing, which runs across by the side of the track. To the west of this bridge, all through the switch tracks, new ties have been put in where the old ones have rotted and new planks have been put in above the ties, to facilitate walking.

Another Bridge.
Complete reconstruction is what the work on the upper bridge of the same road will amount to. The Milwaukee track on the Iron bridge has not had the ties renewed for a good many years and within the last few days, timbers have been unloaded to replace the worn out beams. The North-Western part of the same bridge was completely rebuilt, so far as the wooden part of the structure is concerned, a couple of years ago, and the same work is under way on the Milwaukee tracks.

Gun Club Has Informal Shoot

Despite the Hot Weather, Six En-
thusiasts Break Clay Pig-

cons.
Several members of the Janesville Gun club gathered at Athletic park yesterday afternoon and indulged in a little "crockery smashing."

Warm Work.
It was a little warm for comfort and the result was that the scores were not very good. No one killed ten straight, although Brown broke nine out of ten twice.

Four ten bird matches were shot with the following results:

Scores.
Echlin—6, 8, 6.
Kelly—7, 8, x.
J. McVicar—8, 6, 8, 7.
T. Brown—9, 7, 8, 9.
W. McVicar—6, 8, 6, x.
McKinnay, 8, 6, 6, x.

CANNING OPERATIONS

Canning operations at Fond du Lac, Wis., are progressing well this season. The factory has put up a large pea pack.

The Waterloo factory has made a long and very successful run on the pea pack this season. The outlook for the tomato and corn pack is excellent at present.

The Columbus, Wis., factory reports an excellent season on peas and that they have a pack this year to be proud of.

The William Larsen Canning Co.'s factory at Green Bay has been running night and day on the pea pack. The company has 2,700 acres of peas under cultivation.—Cannery Producer.

The dead body of Mathias Jersich of Manitowec was found at his home Wednesday morning. Physicians said that he had been dead since Saturday and attributed death to alcoholism.

Women Voters in Australia.

The senate of the federal parliament of Australia has by an overwhelming majority passed a bill making woman's suffrage universal throughout that country. In South Australia, it is stated, the women voters already equal in numbers, if they do not exceed, the men voters.

One American Privilege.

King Alfonso's wife will be selected for him by the pope. While his holiness is undoubtedly a gentleman of great discernment, knowledge and taste, young Americans who have not Alfonso's income can console themselves with the reflection that they have the privilege of selecting their own wives.

WEEKLY CROP BULLETIN.

General Remarks: Reports from correspondents show that crops are generally in a very promising condition, although the frequent showers have delayed the harvesting of grain in some sections, and the wet condition of the soil has rendered the use of bladders difficult. The work of securing the hay crop has been delayed by the frequent rains and very little has thus far been stored without more or less damage. Taking the state as a whole, there has been no great damage as yet on account of wet weather, but the farmers are anxiously hoping for a week of fair weather in order to complete haying and harvesting of grain.

Temperature: The general temperature conditions during the week were about normal, although the nights were quite cool, especially in the northern section. The temperature was not sufficiently low, however, to check the growth of corn.

Precipitation: Frequent showers and local thunderstorms occurred throughout the state. In some sections the rains were very heavy and being accompanied by high winds did considerable damage to grain in shock. A very damaging hail storm occurred in the central portion of St. Croix county late evening of the 22nd. Crops were almost totally destroyed in the section near New Richmond.

Corn: The weather during the week was very favorable for corn. The frequent showers and the high temperatures furnished almost ideal conditions for rapid growth. The improvement in the crop during the past two weeks, has been very marked and the outlook is promising. There has been some damage in a few localities by hail, but generally the stand is good and the plants vigorous and strong.

Oats and Barley: Oats is an exceptionally heavy crop, well headed, and ripening rapidly. Owing to the rank growth it has already become badly lodged and tangled by the heavy rains and high winds, and there will undoubtedly be a large loss in harvesting. Barley harvest is generally completed, having been somewhat retarded in the southern and middle sections by the frequent rains. Winter Wheat and Rye are all in shock and a few farmers have threshed. There is considerable complaint of sprouting in the shock.

Spring Wheat is generally a very good crop and about ready for harvesting.

Hay: The weather has been rather unfavorable for haying, the frequent showers rendering it difficult to cure, especially where there is much clover. The hay crop is probably the heaviest in years. Second growth clover is making rapid progress.

Potatoes: The yield will be large; late varieties are improving rapidly. There is a tendency to rot in some sections on account of wet weather. Bugs are unusually numerous and quite destructive.

Tobacco: This crop is making an exceptionally rapid growth and the outlook is very promising.

Fruit: There is very little improvement in the conditions of apples and the outlook is discouraging; the trees are badly blighted. Blackberries will be a good crop. Cranberries are in promising condition.

Southern Section.

Mukwanago, Waukegan county: Rye about all harvested and some stacked, but in bad condition; oats and barley badly lodged and some will be lost.—W. Adenbrook.

Beloit, Rock county: Rye and barley in shock; considerable hay not cut; small grains much damaged by rains; oat harvest commenced.—L. S. Moseley.

Parnesseville, Columbia county: Oats badly lodged; much of the rye crop is in shock; cultivation of corn abandoned; too wet for potatoes and root crop.—Asa Smith.

Highland, Iowa county: Haying nearly completed; rye and barley all cut; oats will be ready for harvest by middle of next week; corn doing well.—Thos. F. Cody.

W. M. WILSON, Section Director.

CUCUMBERS.

The season is well advanced for cucumbers and the crop is in the growing stage with some sections already well enough advanced for the pickling process, while in other sections the plants are just setting. Cucumbers are a profitable crop if they are properly handled but in this respect many growers make gross errors. There is considerable work connected with the pickling of cucumbers and this deters many from growing but, the same as with tomato culture, where there is sufficient help in the family, or where cheap help can be secured, there is sufficient profit in their culture to warrant raising them.

The pickle industry of this country is growing continually but the demand seems to keep growing in the same ratio as the supply and the pickle is at most times a good one. If the farmer is going into the raising of cucumbers he must take in to consideration that there is a right way and a wrong way of handling them. The right way means large yields and a good profit, while the wrong way means small yields and a loss financially. The same as with the raising of any other crop, the work must be understood before success can be achieved. In sections where new pickle factories are being established the farmers as a general rule do not understand cucumber culture but they should inform themselves as thoroughly as possible before going into the business on too large a scale. It is essential that the ground should be prepared properly and that all other conditions be about right before cucumbers can be grown with any degree of success or certainty of yield. But when they are thus grown there is good profit in their culture.—Cannery Promoter.

Sunt. Buell will go to Fond du Lac Saturday and do institute work.

BLOODY BATTLE IN MINING REGION

MILITIA SENT TO THE SCENE

Governor Stone Responds to an Appeal by the Sheriff and Citizens for Protection—Mineworkers' Leader Denounces Lawlessness.

Shenandoah, Pa., July 31.—One thousand shots were fired, a merchant was killed, two score strikers and four policemen were shot and a deputy sheriff and two nonunion miners were beaten almost to death during a battle last night between 5,000 strikers or strike sympathizers and officials who sought to protect nonunion miners that had been imported in an effort to break the coal strike.

Shenandoah is now in a reign of terror and Sheriff Beddall has telegraphed the governor for troops and a reply was received saying three regiments had been sent to this city.

Local Officials Helpless.

The events of the night have clearly demonstrated that the local officials are wholly inadequate to maintain order. But the sending of the troops was said to hinge on the forwarding to the governor of a petition signed by the citizens. This document was obtained after much difficulty.

Many of the merchants and citizens fear the after effect of a resort to importation of the militia and hesitated to sign a petition. They are alarmed lest the miners boycott them or inflict personal injury when the strike trouble shall have been settled.

Dead and Injured.

Following is the list of dead and injured as the result of the battle:

The dead: Joseph Beddall. The injured: Deputy Sheriff Thos. Beddall, Chief of Police John Frye, Policeman Frank Uraltis, Policeman Renghelscher, Policeman Stacey Yacopko, two nonunion miners and forty members of the mob.

The trouble started about 6 o'clock when Deputy Sheriff Thomas Beddall attempted to escort the two nonunion workers through the strikers' line of pickets. The workmen were dressed in their street clothes, but one of them carried a bundle under his arm and this aroused the suspicion of the strikers. The bundle was torn from him and when it was found to contain a blouse and overalls the man was taken from the deputy and beaten almost to death.

Deputy Opens Fire.

Meantime Beddall opened fire on the mob which had gathered and emptied his revolver. Two of the shots took effect, one man being hit in the leg and the other in the foot.

The deputy and the other strike breaker were compelled to fly for their lives. They took refuge in the Philadelphia & Reading depot. The depot was soon surrounded by an angry mob of 5,000, which was becoming more threatening and demonstrative every moment.

Joseph Beddall, who was a hardware merchant, was seen making his way through the crowd in an effort to reach his brother and the mob, thinking that he was carrying ammunition to those inside the depot, seized him and beat him with clubs and bludgeons into insensibility. He died en route to the hospital.

Men Escape.

Shortly after this the entire borough police force arrived on the scene and escorted the deputy sheriff and his man to an engine which had been backed into the depot for that purpose. When the mob realized that its prey was about to escape it surrounded the engine and the engineer was afraid to move.

In a few minutes, however, the police fired a volley, dispersing the crowd for a brief period, and the engineer turned on full steam and got away with his men.

Stones were thrown thick and fast about the heads of the police, whereupon Chief Frye gave the order to fire. At the first volley the mob fell back and several were seen to fall.

Rout the Policemen.

The retreat, however, was but momentary. They turned and, with revolvers, stones and even a few shotguns, they charged on the little band of policemen and made them fly for their lives.

The policemen turned in their flight at short intervals and fired volley after volley at their merciless pursuers, but the mob seemed thoroughly infuriated and smoking revolvers seemed to have no terrors for them. When the Lehigh railroad crossing was reached a passing freight train blocked the progress of the police and two of them were caught and brutally beaten. One of them, Stacey Yacopsky, will die.

It is estimated that more than 1,000 shots were fired. More than forty strikers, all of whom were foreigners, were shot and at least two of them will die.

Appeal for Troops.

Sheriff Beddall arrived from Pottsville with a posse of deputies. He took up headquarters at the Ferguson hotel. He asked Governor Stone to send the militia, but the governor wired that if the citizens of the town petitioned for troops he would send them. The petition was circulated for that purpose and the dispatch of troops was the result.

Miners Demand Order.

The following printed notice was posted by the mineworkers all over the town:

"In view of the disturbances that have occurred in Shenandoah within the last twenty-four hours, in the

disregard to the teachings and principles of the United Mineworkers, as an organization and contrary to the explicit instructions of the leaders, we call upon all members of the United Mineworkers to do at once all in their power to suppress lawlessness, and to aid the officers in every way to maintain peace and good order.

"JOHN FAHY,
"President District No. 5."

THICK ARMOR NO PROTECTION.

War Department's New Explosive is Strongest Yet Known.

Washington, July 31.—The announcement made by the ordnance division of the war department to the effect that a new explosive compound has been discovered which has a penetrative power exceeding that of any armor now in use on battleships is regarded as important and far reaching. Coupled with this announcement is a similar declaration that a new time fuse has also been made to accompany a shell made of this explosive in such wise that the shell could pierce the armor of any foreign battleship now afloat and then explode, sending the stanchest vessel to the bottom.

DR. BEARDSHEAR NEAR THE END

Death of Iowa State College President Expected Hourly.

Ames, Iowa, July 31.—Dr. W. M. Beardshear, president of Iowa State College, is still very low and his death is expected hourly. Only his splendid nerve and physique have kept him alive until now. He now knows the end is near and calmly awaits it.

Want Annexation.

Kington, Jamaica, July 31.—Agitation in favor of the annexation of Jamaica to the United States is very general and is becoming more pronounced as a result of the smallness of the grant of the imperial government for the assistance of the sugar industry.

Congressional Nominations.

17th Illinois Z. F. Yost (D.)
5th Iowa M. Smith (Pro.)
24th New York G. J. Smith (R.)
1st Indiana J. W. Spencer (D.)
1st N. Jersey C. Loudenslager (R.)
1st West Virginia O. McKinney (D.)
8th North Carolina F. Klutz (D.)

Yacht Brings Clark's Body.

New York, July 31.—The American steam yacht Cherokee arrived from Greenock, Scotland, after a fine run of eleven days. The Cherokee was owned by William Clark, the thread manufacturer. His body was brought here on the Cherokee.

Big Fire at Havana.

Havana, July 31.—A fire in Ignacio street resulted in a loss to the dry goods firm of Prendes & Co. of \$168,000, \$90,000 of which was covered with insurance. Other dry goods firms, including Pella & Co., also lost heavily.

Tariff on Pig Iron.

Berlin, July 31.—The government succeeded in getting the pig-iron clauses of the tariff bill adopted by the tariff committee of the reichstag without amendment, but only after strenuous opposition and long debate.

Father Kills Son and Self.

Louisville, Ky., July 31.—While in a fit of temporary insanity as a result of a severe attack of pneumonia, D. P. Dye, formerly a barber, shot and fatally wounded his 11-year-old son, Carroll, and then committed suicide.

Fire in Lumber Plant.

Tallahassee, Fla., July 31.—The dry kiln, planing mill, three cottages and over half a million feet of lumber belonging to the Spring Hill Lumber and Naval Store at Spring Hill were destroyed by fire; loss \$25,000.

Railroad Gets Charter.

Raleigh, N. C., July 31.—A sixty-year charter has been granted to the North Carolina Central railway, which will extend from Concord, N. C., to Fayetteville, N. C. The company is capitalized at \$2,000,000.

Denies Morgan-Yerkes Merger.

London, July 31.—Before a special committee on the proposed London Tube railways Balfour Browne, K. C., said he wished to deny emphatically the report that the Morgan and Yerkes interests had combined.

Flight With Filippino.

Manila, July 31.—A force of constabulary pursuing Ladrones in Cavite struck Felizardo's column and a running fight followed. Felizardo was reported wounded. Seven of Ramo's band were captured.

Big Fire in New York Town.

Syracuse, N. Y., July 31.—Fire in the village of Baldwinsville, twelve miles west of this city, consumed the main business block of the place, the loss being at least \$50,000.

Volcano Is Active.

Managua, Nicaragua, July 31.—La Democracia announces that the volcano Poas, in Costa Rica, is putting forth groaning sounds and emitting ashes.

High Prices for Rare Books.

London, July 31.—An auction sale of rare books brought high prices. A Caxton royal book sold for £1,400, and a second folio Shakespeare brought £615.

Two Killed by Lightning.

Inez, Ky., July 31.—Eionzo Scarberry and Farris Castle were struck by lightning and instantly killed during a storm here.

Cattle Will Not Follow Sheep.

Sheep and cattle cannot pasture over the same territory. Where the sheep wander the grass is cleaned with the devastation of a prairie fire, and the odor is such that cattle will for weeks shun the range.

STATE THREATENS PACKING MERGER

IS TRYING TO STOP THE TRUST

Action to Be Begun Early in Order to Prevent a More Bitter Fight Which Would Follow the Consummation of the Combination.

Chicago, Ill., July 31.—The state of Illinois will fight the proposed packers' combine. Attorney General Hamilton has been in Chicago for two days gathering evidence and will soon proceed against the concerns proposing the merger. Whether the combine takes the form of a gigantic sales corporation or a mere consolidation of the interests, the war against them will be instituted.

The state will not await the actual consummation but will proceed to prevent the merger. Evidence now at hand is strong enough to warrant the state to make all preliminary legal arrangements for the litigation, and it is for this purpose largely that the attorney general is now in Chicago.

Federal Case Has No Bearing.

Nothing in the Federal case now pending against the packers is to be construed as having the least thing to do with the coming fight. Among all the affidavits secured by Attorney Bethea for use in the Federal proceedings there is not one that alleges a violation of the law within the state of Illinois. All the Federal evidence has been examined by the state authorities, and nothing therein has been found to warrant the state in beginning a suit.

Evidence of Great Combine.

Well-founded rumors of a combination, however, all of which have arisen since the beginning of the Federal suit, are the cause of the activity on the part of the state. Spurred by the haste of the packers in absorbing the minor packing plants, the attorney general desires to institute his case early in order to prevent an inevitably more bitter fight following the consummation of the packers' deal.

Information From Brokers.

All the packers are close mouthed. Attempts by the authorities to secure any information to support the reports have proved unavailing, but knowledge of an indisputable character has come from numerous other sources.

Brokers have been a fruitful source of "combine" news and through them the state has been kept pretty well in touch with the trend of events. The Swift & Co. stock, which is the only packers' stock quoted on exchange, has been held up before the attorney general by the brokers. The rapid rise in Swift & Co. quotations—a rise which has occurred since the reports of a combine became current—is held by the attorney general to be an almost convincing indication that something is about to happen in packing circles.

CARELESS BAKER CAUSES FIRE

Workman Draws a Basket of Bread Over a Match.

Jacksonville, Ill., July 31.—Fire broke out in the bakery of C. L. Degen and for two hours the flames raged furiously. The bakery, and its contents, consisting of machinery and two car loads of flour, were completely destroyed. Degen's grocery stock was badly damaged by water and the building was ruined. Van Anglen's shoe store was damaged badly by water. The total loss is estimated at \$30,000, half insured. The fire was started by one of the bakers drawing a basket of bread over a match on the floor, igniting it.

Sentenced to Death.

Tunis, July 31.—The trial of the assassins of the Marquis de Mores at Suse, near here, resulted in the condemning to death of El Kheir and the sentencing of Hamma Chlekh to twenty years' imprisonment.

Cholera in Egypt.

Cairo, Egypt, July 31.—The epidemic of cholera here is increasing; there were 41 new cases and 35 deaths. At Moucha there was 32 new cases and 14 deaths. The disease has made its appearance at Zizeh.

Digs Up \$3,400.

Reading, Pa., July 31.—While Benjamin Saurwine, living near Saegerville, was digging postholes for a fence he discovered a partly decayed box filled with cash, both paper and coin, amounting to \$3,400.

Senor Zalzo's Wife Is Ill.

Liberty, N. Y., July 31.—Grave fears are entertained for the life of Mrs. Carlos Zalzo, wife of the secretary of state of Cuba. She has been ill for some time. Senor Zalzo has been summoned by cable.

Death of Prominent Woman.

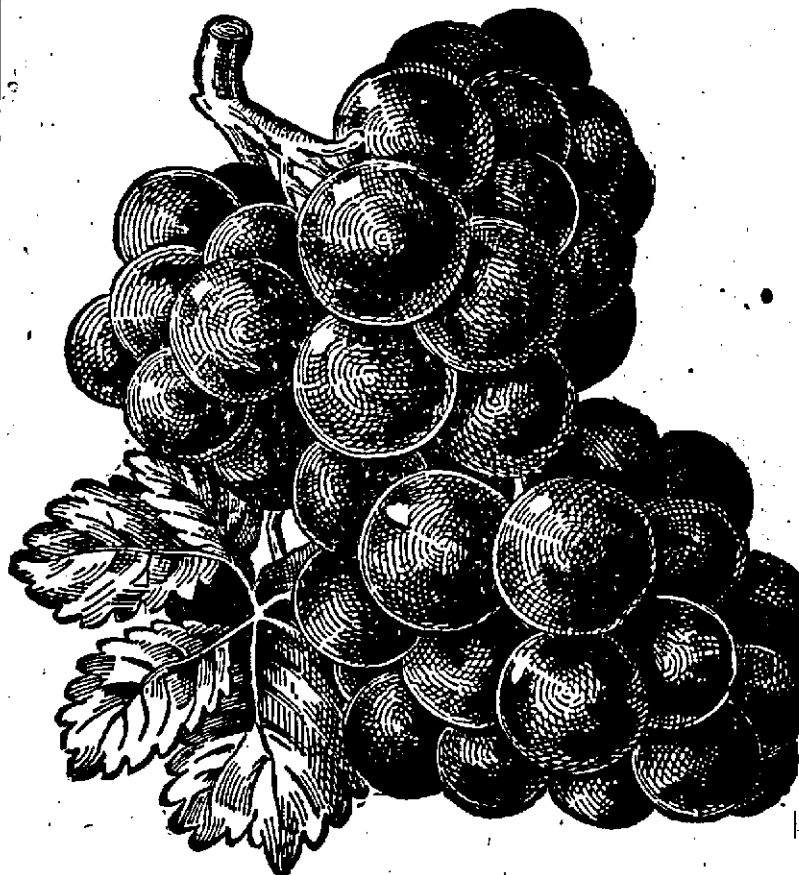

Toledo, O., July 31.—Mrs. Patrick H. Dowling, one of the most prominent women of this city, died of heart trouble, aged 55 years. She was prominent in relief corps circles and women's clubs.

Revolutionists Are Active.

Constantinople, July 31.—Considerable anxiety is felt in diplomatic circles over the increasing unrest in Macedonia and Albania as a result of renewed activity of the revolutionary committees.

Trouble With Indian Agents.

While addressing the senate Senator Bailey of Texas said: "Indian agents may be divided into two classes—the smart and the good. The trouble is that the good agents are never smart, and the smart agents are never good."

Mull's Grape Tonic

The Perfect Laxative.

The most quickly effective thing on earth for nature's "house cleaning". It relieves the clogged system of the impurities which poison the blood and drag down the vitality. Physicians who are familiar with these facts, and all the well informed men, do not hesitate to commend Mull's Grape Tonic, the basis of which is the juice of the grape in all cases where a mild laxative is needed and in diseases of the Stomach, Liver Kidneys and Bowels, and for convalescents or whenever a tonic and builder is needed. Manufactured in America Only By

THE LIGHTNING MEDICINE CO., ROCK ISLAND, ILL.

THESE ARE STRONG TESTIMONIALS.

For a mild Laxative and a general Family Medicine for man, woman or child, I consider Mull's Grape Tonic the superior of any remedy it's pleasant to take, prompt in action, and the results are wonderful. Its power in building up a weak and run-down system is greater than any Cod Liver Oil preparation. I've tried them all. I write this hoping that some of my friends will read and profit by it.

MRS. WM. STILES, Glenwood Springs, Colo.

I was an object of pity, for my suffering was great, before I began using Mull's Grape Tonic. The pains over my hips and in my back were frightful. The doctor pronounced it Rheumatism and Kidney Trouble, but he did not help me. The neighbors had given me up once this summer, but, thank God, I am here yet, and I know Mull's Grape Tonic saved me. God bless you and your wonderful medicine.

MRS. M. J. HONEYCUTT, Center, Texas.

GENTLEMEN: I send you the picture of my little daughter, Nettie, who has taken Mull's Grape Tonic and been greatly benefited by it. She was troubled with catarrh in the head, and her general health was very poor. Since taking this medicine she is much stronger, and her catarrh is nearly gone. I will have her continue using your tonic until she is perfectly well.

S. STELLING, 1238 S. Second St., Des Moines, Iowa.

KOERNER BROS., Prescription Pharmacy.

15,000--- PEOPLE ---15,000
DR. BREWER

Will show you the names, the record of medicines used and the results obtained of over 15,000 people treated by him.

THIS EXPERIENCE SHOULD BE WORTH SOMETHING TO THE SICK.

If you have not seen DR. BREWER you know him to be candid and honest in all he tells you. He never sacrifices mankind for the dollar nor does he profess to perform wonders but to CURE ALL CURABLE DISEASES. He has had the largest experience of any doctor in the United States in the treatment of chronic diseases. DO NOT GIVE UP IF OTHER DOCTORS HAVE FAILED.

GET THE BENEFIT OF HIS EXPERIENCE FREE.

We are prepared to show successful results in treating diseases of the Liver, Heart, Lungs, Stomach, Kidneys, Brain, Nerves, Rheumatism, Neuralgia, Debility, Youthful Indiscretion, Cancer, Old Sores, Tumors, Fits, Diabetes, Dyspepsia, Pneumonia, Catarrh, Consumption, Influenza, Asthma, Scrofula, Pimples, Eruptions, Humors, Blisters, and all diseases long standing.

ADDRESS DR. F. B. BREWER, 1234 CHICAGO AVE., EVANSTON ILL.

Dr. Brewer will be at the Park House, Janesville, Saturday, August 2.

COLORADO

The way to get the best accommodations is via the

GREAT ROCK ISLAND ROUTE

WHY? It is the only direct line to Colorado Springs and Manitou. It is the popular route to Denver. It has the best dining car service. It has the finest equipment and most satisfactory schedule, and in the ROCKY MOUNTAIN LIMITED offers the best train, only one night, Chicago to Colorado.

It leaves Chicago daily at 5:45 p.m. and arrives at Denver 8:45 p.m., Colorado Springs (Manitou) 8:30 p.m. Another inducement to use the Rock Island will be the round trip rates of \$25 Chicago to Colorado and \$15 Missouri River points to Colorado effective this summer by that line. Ask for details and free books. "Under the Turquoise Sky" gives the most fascinating description of Colorado. "Camping in Colorado" has full details for campers.

ELLEN STONE TALKS TO MANY

DELAVER LAKE ASSEMBLY IS CROWDED TO HEAR HER.

MANY FROM HERE ATTEND

People Are Charmed with Her Manner and the Story of Her Capture.

Never in the history of the Delavan Lake Assembly Association were the accommodations of the grounds so taxed as Wednesday, when Miss Ellen Stone told to three thousand visitors the story of her forced visit among the brigands of Bulgaria. It is believed that several hundred who came with the hopes of seeing Miss Stone, were obliged to leave disappointed.

Janesville Delegation. Among the hundreds who were taken to the assembly grounds by the many special trains that ran yesterday, Janesville contributed a good sized delegation. Among those from this city who went was the hope of hearing the noted missionary, Mrs. L. E. Lyon of Auburn, N. Y.; Mrs. Edward Reger, Miss Augusta Reger, Mr. and Mrs. Echlin and several others. **Were Fascinated.** The visitors who heard Miss Stone were fascinated by her address. They had read, as have thousands of others, with the greatest interest of the thrilling experiences of the missionary who had been ransomed from captivity after months of hardship, during which time the whole world watched with held breath the bulletins of the steps that were being taken toward her rescue. But to see the woman before them, talking in simple yet telling language, of the experiences through which she went, was far more impressive than they had dreamed.

Her Hardships. They were especially engrossed by the tale of the sufferings which Miss Stone underwent. She did not accuse the brigands of intentionally mistreating herself or her companions but the night rides, unaccustomed as they were to that kind of travel, over mountain steep, and untraced tracks, taxed their physical endurance to the extreme.

The Multitude. All day special trains unloaded their human freight at the station and for hours the excursionists stood, awaiting facilities to take them to the grounds. The bus lines could not begin to handle the masses that clamored to be taken to the assembly hall, and the statement was made that there were hundreds who did not even reach the grounds, much less hear and see the principal speaker of the day.

Senator Whitehead. A multitude are encamped on the grounds, and it is believed that today's trains will bring another record breaking crowd to hear Senator Whitehead, who will address the assembly today.

NEWS OF THE CITY IN BRIEF. **Boilers Here:** The boilers for the new library building have arrived and will soon be placed in position.

Court Decisions: Judge Fifield rendered a decision yesterday afternoon in favor of the defendant in the case of W. H. Tallman et al. vs. Dr. F. B. Farnsworth.

Will Have More Protection: Two deputy sheriffs will be sworn in by Sheriff Sawyer of Winnebago county for the protection of South Beloit. Wisconsin officers have no jurisdiction there.

To Plan For Picnic: Members of the committee appointed by Ben Hur Court No. 1, Tribe of Ben Hur, to arrange for a picnic on the river, August 14, will meet at 7:30 o'clock this evening in East Side Old Fellows' hall to complete arrangements.

Start Pickle Factory: The farmers have begun to bring in cucumbers to the canning factory and already this season about 25,000 pounds have been received and placed in the salting vats. Some of the farmers claim that the ground is so wet that they cannot cultivate their cucumbers and have plowed them all under.

Joint Meeting: The Francis Murphy League and the Gideons will hold a joint meeting Sunday afternoon at the Y. M. C. A. rooms. Some of the national officers of the Gideons will be present and an excellent program has been arranged. The male quartet will be present and favorably gathering with several selections. The meeting will be called at 7 o'clock.

Want Stores Closed: A committee from the local grocers in charge of the picnic to be held by their association a week from next Thursday, have been going about among the proprietors of the clothing stores, shoe stores and other places of business in the city, with the hope of obtaining an agreement that they would close their establishments on the day of the excursion. The large part of the storekeepers seemed in favor of such an action if the others would agree, and it seemed probable that the plan would go through.

Stopped Over Here: Ellen M. Stone, the missionary, who was captured by the brigands between Turkey and Bulgaria, was in the city this morning on her way to Madison where she speaks at the Monona assembly. Miss Stone spoke yesterday at the Delavan lake assembly which opened yesterday. Miss Stone is a pleasant looking woman and does not show any traces of the hardships she went through while in captivity. **Small Crowd Goes:** The A. O. U. W. excursion to Geneva Lake this morning was not largely patronized. Not over two hundred excursionists took advantage of the low rates to visit one of the most beautiful spots in the state and spend an enjoyable day. While the crowd was not large all had an exceedingly pleasant time.

FUTURE EVENTS

Col. Hall's Circus, Wednesday, Aug. 6.
"The Decimeter" at the Myers Grand this evening.
Local Union excursion on the river, Monday evening, August 4.
The Knights of Columbus will install a lodge at Racine, Sunday, Aug. 3.

Next Saturday the shoe firm of Amos Rehberg & Co. offer you your choice of any of their \$4 or \$5 shoes at the bargain price of \$3. This is for Saturday only.
One hundred new colored shirt waists worth 1.00 and \$1.25, go tomorrow at 69 cents each. These waists are strictly new and are real bargains. Bort, Bailey & Co.
Your choice of any of the \$5 grade of shoes in Amos Rehberg & Co.'s stock next Saturday, for \$3.00. This is the bargain shoe snap of the year.
The greater portion of the local places of business will close next Thursday so that the clerks may visit Milwaukee on the Groceriesmen's excursion.
Mrs. Carrier and daughter Zoe of Chicago, who have been the guests of Mrs. Frank Kimball have gone to Stoughton to visit friends in that city.
The Knights of Columbus of this city will leave for Racine Sunday a. m. at 7:05 o'clock on a special train over the C. M. & St. P. R. R. to install a lodge in that city.
Saturday will be bargain shoe day at Amos Rehberg & Co.'s store. Your choice on this day of any \$5 pair of men's or ladies' shoes at \$3 in their entire stock.
The Woman's Foreign Missionary Society of the First M. E. church meets on Friday, August 1, at 3 o'clock in the church parlors. Every member is urged to be present at this meeting. Subject for the afternoon's study is. Outdoor Efforts—History of Mission Work in Mexico—and the Relation of Her Religion to America.

PLAN EXCURSION FOR LOCAL UNION

Members Will Enjoy Steamer Ride Up the River Next Monday Evening.

Members of the Local Union of Christian Endeavor societies and Epworth Leagues will enjoy an excursion up the river next Monday evening, August 4. The steamer Columbia has been chartered and will leave the dock at 7 o'clock. It is the intention of those in charge of the excursion not to make any stops at any of the parks but to go as far up the river as the time will permit.
This excursion takes the place of the regular quarterly meeting of the union, which should have been held in July, and is to be purely a social affair. There will be a musical program given on the boat. H. E. Cary being chairman of the program committee. W. I. Rothermel is chairman of the arrangements committee. All members of the Local Union are urged to participate in the pleasures of the excursion.

RESIGNATION OF MISS HOSTETTER

Janesville High School Students to Have New Instructor in Domestic Science.

Miss Hostetter, who has had charge of the domestic art department of the High school has handed in her resignation and will stay at her brother's home in Sycamore and keep house for him.

Mrs. Hyde, of Monroe, has been engaged by the board of education to take the place vacated by Prof. W. F. Gaskins, and next term will have charge of the classes in music and drawing.

Miss Harriett Holt's place will be filled by Miss Genevieve Decker of Michigan. There are one or two other vacancies that the board will fill in the next week or two. In spite of the fact that the council let down the appropriation asked for by the board and characterized the manual training department and cooking department as fads, the board intends carrying on the work in these departments on the same scale as it did last year.

MRS. DUTTON IS VERY ILL

Is Lying At The Point of Death At the Palmer Memorial Hospital.

Mrs. Charles Dutton is critically ill at the Palmer Memorial Hospital where she recently underwent a second operation for cancer. Recently Mrs. Dutton accompanied her husband to Leavenworth, Kan., to spend the summer, but the hot weather did not agree with her and she returned to this city a week ago thinking that she would be better here. Her old trouble grew worse and she went to the hospital. Mrs. Dutton underwent the first operation about a year ago. The cancer is especially deep seated and it is said that Mrs. Dutton's chance for recovery from her present illness is very slight, although she passed a comfortable night last night.

INJURIOUS PARTS REMOVED

Steel Cut Granulated Coffee With All Chaff Taken Out.

A. C. Munger, the North Main street grocer, has solved the healthful coffee problem. Mr. Munger has the agency for Antler's coffees, which are a steel cut granulation, readily identified by its uniformity. It is prepared by a process which eliminates all coffee bearing dust and tannic acid, bearing chaff, found on the inside of the berry and usually ground up with the coffee. This uniform granulation readily yields its strength and flavor and settles quickly. It has been pronounced by the medical profession perfectly healthful, and can be used freely by the most delicate persons. We guarantee its absolute purity. To all interested persons who call Mr. Munger will be pleased to show samples and explain the many benefits to be derived by this scientific process.

Steamer "Clipper," to Burr Springs. Leave orders with Alex Buchholz, opposite West Side engine house.

ROCK RIVER IS ON THE RISE

WATER COMES UP AFTER LAST NIGHT'S STORM.

THERE IS NO DANGER FELT YET

Recent Rain and Wind Injure the Standing Crops in This Vicinity.

The storm that threatened this city last night about ten o'clock and did not amount to much, raged with great fury northwest and south of here. At Edgerton, Fulton and Indian Ford the rain fell in torrents and great damage was done to the standing grain by the rain and wind.

Damage South. At Beloit, Clinton and Shopiere, south of here, the storm was unusually severe and did a large amount of damage. At present Rock river is eight inches above the high water mark and has come up over two inches since yesterday afternoon.

Not Troublesome Yet. So far the river has not given the residents along the shore any particular trouble but if it rises much more it is liable to overflow a large amount of the bottom lands.

Dr. Wm. Horn says that the river is higher now than he has known it after March 1st, any time in forty years, by 2 1/2 feet. Sunday a. m. to Monday noon it rose more quickly than ever before.

PLAN EXCURSION FOR LOCAL UNION

NEWS OF A PERSONAL NATURE.

Charles Sutherland is at home from Chicago.

L. D. Evans is home from a visit at Madison.

Amos Rehberg spent the day in Chicago on business.

Miss Josephine Schlatter is visiting friends in Plattville.

Mrs. Sue Wilcox, of Chicago, is the guest of her son, J. L. Wilcox.

James Sheehan of Hanover was in the city today on business.

C. B. Salmon was one of the business visitors in this city today.

C. B. Wood and his wife, of Rockford, were visitors in the city yesterday.

Mrs. D. K. Jeffris and Miss Ruth Culver left this morning for Jeffris, Wis.

J. L. Mahoney of Portage was in the city last evening renewing acquaintances.

Youseff, "the terrible Turk," and Melchold Schott will give an exhibition at Sheboygan.

Miss Lotta Bowen returned to her home in Broadhead yesterday after a week's visit with friends.

Lon Osgen Vogt of Beloit was in the city yesterday afternoon and evening on business for Beloit college.

Rev. Richard M. Vaughan and family left today for Wauwatosa and will spend some time visiting relatives.

Mr. Edward Mozart, representing the Morris & Berger Carnival company, is in the city, and is registered at the Grand hotel.

Miss Ina L. Bates, who has been visiting friends and relatives in this city, the past few weeks, leaves today for Des Moines, Iowa.

J. W. Williams of Baraboo, traveling engineer for the Madison division of the Northwestern was in the city yesterday.

Otis H. Clough, son of H. H. Clough of the Interurban line, is in the city looking after the company's affairs at this end of the line.

James Dalton has made an application for a saloon license to conduct the business at 5 North Franklin street.

E. Mygatt, general agent for the Carnival company that will be here in August, has arrived here and is busy making arrangements for the coming show.

W. W. Winton, of Madison, district passenger agent for the St. Paul road was in the city over night and took charge of the Workmen's excursion to Geneva today.

Mrs. Anna Hanchett left today for her son and daughter, Mr. and Mrs. F. M. Hanchett, who sail in a few days for Norway. Mrs. Hanchett will accompany them on their European trip and the party will spend the next six months abroad.

J. H. Leas, who was for many years in the employ of the Rock Co. Sunday School association, later under the Presbyterian board in Western Minnesota, and now in the real estate business in Minnesota, was in the city yesterday, a caller upon Mr. J. T. Wright.

CAR OF STONE IS SLOW IN COMING

WORK ON NEW LIBRARY BUILDING IS DELAYED.

IMMENSE BOILER ARRIVES

Apparatus on Hand for the Continuance of Brick Laying as Soon as Possible.

Cullen Brothers, the contractors for the Carnegie library have received another set back in the failure of the arrival of a car load of Indiana stone for the belt line of the building, at the level of the second story. Aside from this the work is going well. The boiler for the steam heating plant has come and will be put in at an early date.

Stone From Indiana. Bedford Quarry, Indiana, will furnish the stone for the belt of the building, and according to communications received from the stone company, a carload of stone was shipped on Friday last. It has not yet been received in this city and the masons are impatiently awaiting its arrival. Further brick laying will be put to an end until the stone can be laid in place.

Same As Foundation. The stone that is being awaited is the same as that which was employed for the belt line crowning the foundation of the building. This is the first delay that the builders have experienced since the southern lumber, which was so long awaited, was received.

Steam Boiler. The boiler for the steam heating apparatus has been received and is standing near the building awaiting the time when E. T. Fish, who has charge of that part of the work shall decide to put it in place. It is not at all essential that the work should be done immediately, but it will be attended to as soon as the men who have the work in charge find it convenient. The steam heating apparatus is from the factory of the Kewanee Boiler Co., of Kewanee, Illinois.

Steam Hoists. Hoists and other brick and mortar carrying apparatus have been unloaded ready to aid in the work of carrying material when the building shall have reached a higher level.

NOTICE. Beginning, August 1, 1902, we, the coal dealers of Janesville have decided to place our coal business on a cash basis.

Please take notice that on and after the above date coal and wood will be sold for cash only.

1

IOWA REPUBLICANS START CAMPAIGN

PRaise FOR THE PRESIDENT

Action of Congress is Commended, as is Also the Administration's Philippine Policy—Fulsome Praise for the American Army.

Secretary of State—W. H. Martin.
Auditor of State—H. P. Carroll.
Treasurer of State—Gilbert S. Gilbertson.
Attorney General—C. W. Mullan.
Judge of Supreme Court—Scott M. Ladd.
Judge of Supreme Court (Short Term)—Charles A. Bishop.
Clerk of Supreme Court—John C. Crockett.
Supreme Court Reporter—W. W. Cornwall.
Railway Commissioner—E. A. Dawson.

Des Moines, Ia., July 31.—Iowa republicans in convention here nominated a ticket and sounded the keynote of the next national campaign. The platform declares for Roosevelt for president, but gives no pledge, indorses his attitude on reciprocity with Cuba, and declares faith in the policy of protection, but favors such changes in the tariff as are made necessary by changing conditions, and demands such changes in the tariff schedule as may be required to prevent their affording shelter to monopoly.

Heat and harmony were the features of the convention. The day was one of the warmest of the season, but the great throng of republicans paid little attention to it.

The platform commends the work of congress and the part borne in it by the Iowa delegation, indorses the Philippine policy and demands that contention over it shall cease, and commends the conduct of the soldiers of American families doing duty in the army. The isthmian canal project is favored, and protection to American dairy interests asked.

The platform, which was adopted without a dissenting voice, is as follows: "We declare our confidence in the leadership of President Roosevelt and our faith in his administration, and we express our gratification that two honored representatives of Iowa republicanism have seats at his council board. We indorse his recommendation as to reciprocity with Cuba, and believe that this policy is necessary to preserve and complete the beneficent work we have done in that island, and that it will be mutually beneficial to the people of Cuba and the United States.

Indorse Roosevelt. "We approve the determination of President Roosevelt to enforce the laws, wherever violated, without prejudice or favor. Approving his purposes and assured that he has the confidence of the people, we look forward to his election to the presidency in 1904 as to a foreshadowed event demanded by the popular will and one that will maintain and promote the national prosperity and conserve every national interest.

"We are proud of the high standard of good conduct maintained by members of American families doing duty in the army while they are executing our laws and carrying civilization to peoples in the far east under exacting conditions, and give them assurance of our sympathy and confidence.

Favor Tariff Changes. "We stand by the historic policy of the republican party in giving protection to home industries, and point for its ample vindication to the extraordinary rapidity with which our national resources have been developed and our industrial and financial independence secured. We favor such changes in the tariff from time to time as become advisable through the progress of our industries and their changing relations to the commerce of the world. We indorse the policy of reciprocity as the natural complement of protection, and urge its development as necessary to the realization of our highest commercial possibilities.

Control of Trusts. "We assert the sovereignty of the people over all corporations and aggregations of capital and the right residing in the people to enforce such regulations, restrictions, or prohibitions upon corporate management as will protect the individual and society from abuse of the power which great combinations of capital wield. "We cordially indorse the position of President Roosevelt in appealing to the courts to secure regulations that will control great combinations of capital that prevent competition and control the industries of the people without legal sanction or public approval. We favor such amendment to the interstate commerce act as will more fully carry out its prohibition of discriminations in rate making and any modification of the tariff schedules that may be required to prevent their affording shelter to monopoly."

Argue on Tariff. The only controversies were over the tariff and trust utterances of the platform and they were settled in the committee, on resolutions in favor of a reiteration of last year's utterances with an addition to the trust plank congratulating President Roosevelt for the inauguration of judicial proceedings to enforce the anti-trust laws. With the exception of the address of the temporary chairman the convention was devoid of oratory. No nominating speeches were made, and the notable visitors, who included the entire Iowa delegation in congress excepting one, were not called upon. The meeting of the committee on resolutions developed the expected controversy, over reaffirming that

clause of last year's platform which declared for "any modification of the tariff schedule that may be required to prevent their affording shelter to monopoly."

BIG BLAZE AT THE STOCKYARDS

Lipton Warehouses Destroyed, Entailing a Loss of \$250,000.

Chicago, Ill., July 31.—Almost a quarter of a million dollars' worth of cured meats were destroyed in less than an hour by a fire which swept through one of the big Lipton Packing Company warehouses at the stockyards. Great buildings, stocked with product valued at millions of dollars, were threatened by the sudden rush of flames through the heart of the monster plant of the packing company, but the speedy work accomplished by the volunteer fire department, made up of employees of the company, saved all of the adjoining structures from damage.

FORM A BIG GROCERY COMBINE.

Jobbers in Four States Unite With \$5,500,000 Capital.

Lansing, Mich., July 31.—A consolidation of a large number of wholesale groceries in Michigan, Indiana, Illinois and Ohio has been effected and a corporation organized known as the National Grocery Co. of New Jersey, with a capital stock of \$5,500,000. The articles of incorporation of the company were filed here with the secretary of state.

DANDERINE Makes Hair Grow

Photographed by STEVENS, CHICAGO.

RUTH HARDY, 91-5-41 1/2 AVE., CHICAGO.

CHICAGO, Jan. 30, 1902.
Knowlton Danderine Co., Chicago, Ill.—Dear Sirs: Two of my girl friends and myself have been using your Danderine for several months. We all commenced using it about the same time, and we are seeing which of us can grow the longest hair. For a month we used it once a day after that twice to three times a week. All of our hair is much thicker than it was, and mine is fully seventeen inches longer. It seems the longer it gets the faster it grows. Are we using it to the very best advantage? Kindly answer at once.
Respectfully, Ruth Hardy

Nearly Every Lady in the City of Chicago Uses Danderine.

and if you will look at the wealth of luxuriant and beautiful hair exhibited in the above photograph you will see the reason for it. It is the only remedy ever discovered that will make hair grow and stop it from falling out (we sold that statement with five thousand dollars). Chicago, St. Louis, Kansas City, New York and Boston dealers are now buying it by the car load in order to supply the tremendous demand, which its unbounded merit has created. Pretty substantial proof of merit, is it not? Be sure you get the genuine, made only by the Knowlton Danderine Co., Chicago.
NOW at all druggists in three sizes, 25c., 50c., and \$1.00 per bottle.
FREE To show how quickly Danderine acts, The Knowlton Danderine Co., Chicago, will send a large sample freely to anyone who sends us this advertisement with their name and address and 10c. in silver or stamps to pay postage.

For Sale by People's Drug Co., King's Pharmacy.

A PLEASANT PARTY
AT MADISON HOUSEMr. and Mrs. W. L. White Entertain
in Honor of Their Wed-
ding Anniversary.

In honor of the twentieth anniversary of their wedding day, Mr. and Mrs. W. L. White last evening entertained about forty of their friends in the pleasant parlor at the Madison house. The party was exclusively a lodge affair, the guests being members of Janesville lodge, No. 171, Daughters of Rebekah. Naturally, therefore, it was a congenial company for the members of this lodge always enjoy an evening in each other's company, no matter on what pretext they are gathered together. When in addition, they are the guests of a hospitable host and hostess, such as Mr. and Mrs. White certainly are, a jolly good time is an assured fact.

The evening was delightfully spent in playing High King and in informal sociability. Delicious refreshments, consisting of ice cream, cake and fruit, were served, the hostess being assisted in waiting on the guests by several of the ladies of the lodge. Mr. and Mrs. White were the recipients of many handsome gifts, among them being a china fruit dish and a set of fruit plates from the Rebekah lodge and a rocking chair from Mrs. White's mother, Mrs. Ann E. Bell, of Delton, Wis., who was present to enjoy the anniversary celebration last evening. Mrs. White also has with her Master Harold T. Rymal, her nephew, a manly little fellow, who came up from Chicago alone to spend the summer with her and little Miss Edna Gear, who made the trip alone from Jamestown, N. Y., and will remain with Mr. and Mrs. White until September.

Mr. and Mrs. White were married in Baraboo twenty years ago and have resided in this city for the past four years, during which time they have made for themselves a wide circle of friends who will wish them many happy returns of their wedding anniversary.

THINGS WE SEE

And why don't Ben Cable Hope?

Shocking—Emuel Lorenzo was electrocuted Wednesday.

For Rent—Modern barn by retired farmer with large out bins.—Atlas Howler.

Wing Files High—Dwight L. Wing has filed voluntary bankruptcy proceedings.

A Little Snort.—Mr. and Mrs. Al. Short of Union are rejoicing over the arrival of a baby girl.

Hot Fire—The residence of Edwin Hott of Erie was totally destroyed by fire on Sunday night.

Mr. B. Utter was in from Baker's corner's creamery Wednesday and reports the weather as melting.

Ton By The Fish—Ed. Fish tells of the fine launch he ran on Pike Creek Sunday.—Oregon Review.

Water Stock—The Avoca Consolidated Milk and Cream Company has increased its capital stock to \$5,000.

Minor Change—About forty of the boys from the State Industrial school have been transferred to Huron.—Huron Reporter.

A Noble Trust—Foreign reports state that Noble and Rothschilds have entered into a combine with the Standard Oil Co.

Married, Yet Single.—Charles Single and Miss Mae Burt were married Tuesday afternoon at the M. E. parsonage.—Sioux Rapids Times-Advocate.

Peculiar Horse.—An exchange tells of a young woman who was afflicted by walking in her sleep: "Of walking to the barn and seeing the horse in her night clothes."

"No Loss Without Some Gain."—George Gane, of Henryville and Lou Loss of Tillman, were united in marriage at the home of the bride's mother, Monday afternoon at four o'clock.—Tillman, Ill., Cor.

Caught Cold.—The engagement of Miss Elsie Bowen to Mr. Alfred Cold, both of Algona, is announced.

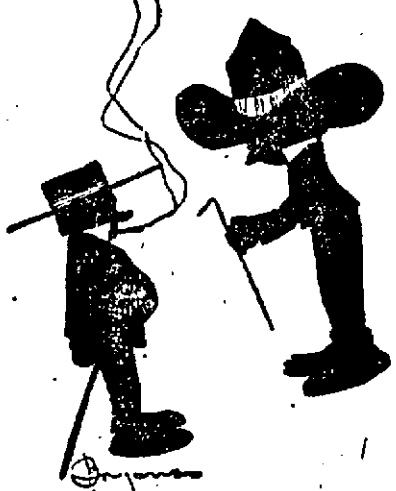

"THE LYRE."

"The Deemster." The story of "The Deemster" has been pronounced by some of the best critics as the finest novel of the world's greatest living author, Hall Caine. The tenor of its moral nature is even more ideal than "The Christian," as it is more human. Some writer has said that it is through weakness that we gain strength. We might carry the truism farther and say that its results are we are taught to acquire moral force or at least the power of the direction of the moral forces. So with "The Deemster." It is a story intensely human. It relates a great tale of human love and sacrifice. It is full of human sympathy, weakness and strength, this vividly portrayed is the base of a series of incidents of such various nature that the attention is kept riveted throughout. No one can have seen this play without feeling the better for it. It is a tale a tale for old and young, high and low, for rich and poor and is a performance once seen never to be forgotten. It will be at the Myers Grand tonight.

MAY HAVE NEW
CITY DIRECTORYEdgar Bullock of Beloit, Is Here
to Look Over the
Field

Edgar D. Bullock, of Beloit, has been in the city today looking over the local field in regard to issuing a directory. He found the conditions most favorable, business men more than eager for a new book and he has decided to commence a preliminary canvass tomorrow among the business people for advertising. The reception that Mr. Bullock receives at their hands will determine whether or not a directory can be issued at a profit. Mr. Bullock has issued directories in Beloit that have been decidedly successful. He is a Beloit business man and the last issue which was turned out only this spring consisted of over 1,300 copies. The book was the most thorough compilation that Beloit has ever had. It is Mr. Bullock's idea to issue a book that can be sold at \$1, so that every person can secure a copy without great expense. The city is in need of a new directory. The last one was issued some two years ago, since which time a great many changes have taken place.

Mrs. Sarah F. Strow.

Funeral services for the late Mrs. Sarah F. Strow will be held from the home of her daughter, Mrs. Edward Smith, 55 Dodge street, Friday afternoon at three o'clock.

Enraged the Commons.

Edmund Burke complained on one occasion that he had been treated with disrespect by the house of lords, having been kept waiting three hours by that supercilious assembly when he was acting as envoy of the house of commons. The members of that body were so enraged that when a bill came from the lords the speaker threw it on the floor and a crowd of members literally kicked it out.

Remarkable Speed of Pigeon.

In recent experiments at Antwerp a swallow, which had its nest in that city, was sent to Compiègne, France, a distance of 140 1/2 miles, and liberated. The flight home was accomplished in one hour and eight minutes, a speed of about 129 1/2 miles per hour.

Spent Millions for Amusement.

No less a sum than \$20,000,000 has been spent by Americans for theatrical amusements during the season now closing. This is according to a moderate estimate made by Alfred Hayman, president of the syndicate which controls nearly one hundred of the most important theaters in the country.

A PLEASANT PARTY AT MADISON HOUSE

Mr. and Mrs. W. L. White Entertain
In Honor of Their Wed-
ding Anniversary.

In honor of the twentieth anniversary of their wedding day, Mr. and Mrs. W. L. White last evening entertained about forty of their friends in the pleasant parlor at the Madison house. The party was exclusively a lodge affair, the guests being members of Janesville lodge, No. 171, Daughters of Rebekah. Naturally, therefore, it was a congenial company for the members of this lodge always enjoy an evening in each other's company, no matter on what pretext they are gathered together. When in addition, they are the guests of a hospitable host and hostess, such as Mr. and Mrs. White certainly are, a jolly good time is an assured fact.

The evening was delightfully spent in playing High King and in informal sociability. Delicious refreshments, consisting of ice cream, cake and fruit, were served, the hostess being assisted in waiting on the guests by several of the ladies of the lodge. Mr. and Mrs. White were the recipients of many handsome gifts, among them being a china fruit dish and a set of fruit plates from the Rebekah lodge and a rocking chair from Mrs. White's mother, Mrs. Ann E. Bell, of Delton, Wis., who was present to enjoy the anniversary celebration last evening. Mrs. White also has with her Master Harold T. Rymal, her nephew, a manly little fellow, who came up from Chicago alone to spend the summer with her and little Miss Edna Gear, who made the trip alone from Jamestown, N. Y., and will remain with Mr. and Mrs. White until September.

Mr. and Mrs. White were married in Baraboo twenty years ago and have resided in this city for the past four years, during which time they have made for themselves a wide circle of friends who will wish them many happy returns of their wedding anniversary.

THINGS WE SEE

And why don't Ben Cable Hope?

MAY HAVE NEW CITY DIRECTORY

Edgar Bullock of Beloit, Is Here
to Look Over the
Field

Edgar D. Bullock, of Beloit, has been in the city today looking over the local field in regard to issuing a directory. He found the conditions most favorable, business men more than eager for a new book and he has decided to commence a preliminary canvass tomorrow among the business people for advertising. The reception that Mr. Bullock receives at their hands will determine whether or not a directory can be issued at a profit. Mr. Bullock has issued directories in Beloit that have been decidedly successful. He is a Beloit business man and the last issue which was turned out only this spring consisted of over 1,300 copies. The book was the most thorough compilation that Beloit has ever had. It is Mr. Bullock's idea to issue a book that can be sold at \$1, so that every person can secure a copy without great expense. The city is in need of a new directory. The last one was issued some two years ago, since which time a great many changes have taken place.

Mrs. Sarah F. Strow.
Funeral services for the late Mrs. Sarah F. Strow will be held from the home of her daughter, Mrs. Edward Smith, 55 Dodge street, Friday afternoon at three o'clock.

Enraged the Commons.

Edmund Burke complained on one occasion that he had been treated with disrespect by the house of lords, having been kept waiting three hours by that supercilious assembly when he was acting as envoy of the house of commons. The members of that body were so enraged that when a bill came from the lords the speaker threw it on the floor and a crowd of members literally kicked it out.

Remarkable Speed of Pigeon.

In recent experiments at Antwerp a swallow, which had its nest in that city, was sent to Compiegne, France, a distance of 140 1/2 miles, and liberated. The flight home was accomplished in one hour and eight minutes, a speed of about 128 1/2 miles per hour.

Spent Millions for Amusement.

No less a sum than \$20,000,000 has been spent by Americans for theatrical amusements during the season now closing. This is according to a moderate estimate made by Alfred Hayman, president of the syndicate which controls nearly one hundred of the most important theaters in the country.

E. J. SMITH, Manager

Corner Main and Milwaukee Sts. - Janesville.

IOWA REPUBLICANS START CAMPAIGN

PRaise FOR THE PRESIDENT

Action of Congress is Commended, as is Also the Administration's Philippine Policy—Fulsome Praise for the American Army.

Secretary of State—W. B. Martin.
Auditor of State—H. E. Carroll.
Treasurer of State—Gilbert S. Gilbertson.
Attorney General—C. W. Mullan.
Judge of Supreme Court—Scott M. Laid.
Judge of Supreme Court (Short Term)—Charles A. Bishop.
Clerk of Supreme Court—John C. Crockett.
Supreme Court Reporter—W. W. Cornwall.
Railway Commissioner—E. A. Dawson.

Des Moines, Ia., July 31.—Iowa republicans in convention here nominated a ticket and sounded the keynote of the next national campaign. The platform declares for Roosevelt for president, but gives no pledge, indorses his attitude on reciprocity with Cuba, and declares faith in the policy of protection, but favors such changes in the tariff as are made necessary by changing conditions, and demands such changes in the tariff schedule as may be required to prevent their affording shelter to monopoly.

Heat and harmony were the features of the convention. The day was one of the warmest of the season, but the great throng of republicans paid little attention to it.

The Platform.
The platform commends the work of congress and the part borne in it by the Iowa delegation, indorses the Philippine policy and demands that contention over it shall cease, and commends the conduct of the soldiers of American families doing duty in the army. The isthmian canal project is favored, and protection to American dairy interests asked.

The platform, which was adopted without a dissenting voice, is as follows:

"We declare our confidence in the leadership of President Roosevelt and our fealty to his administration, and we express our gratification that two honored representatives of Iowa republicanism have seats at his council board. We indorse his recommendation as to reciprocity with Cuba, and believe that this policy is necessary to preserve and complete the beneficent work we have done in that island, and that it will be mutually beneficial to the people of Cuba and the United States.

Indorse Roosevelt.
"We approve the determination of President Roosevelt to enforce the laws, wherever violated, without prejudice or favor. Approving his purposes and assured that he has the confidence of the people, we look forward to his election to the presidency in 1904 as to a foreshadowed event demanded by the popular will and one that will maintain and promote the national prosperity and conserve every national interest.

"We are proud of the high standard of good conduct maintained by members of American families doing duty in the army while they are executing our laws and carrying civilization to peoples in the far east under exacting conditions, and give them assurance of our sympathy and confidence.

Favor Tariff Changes.
"We stand by the historic policy of the republican party in giving protection to home industries, and point for its ample vindication to the extraordinary rapidity with which our national resources have been developed and our industrial and financial independence secured. We favor such changes in the tariff from time to time as become advisable through the progress of our industries and their changing relations to the commerce of the world. We indorse the policy of reciprocity as the natural complement of protection, and urge its development as necessary to the realization of our highest commercial possibilities.

Control of Trusts.
"We assert the sovereignty of the people over all corporations and aggregations of capital and the right residing in the people to enforce such regulations, restrictions, or prohibitions upon corporate management as will protect the individual and society from abuse of the power which great combinations of capital wield. "We cordially indorse the position of President Roosevelt in appealing to the courts to secure regulations that will control great combinations of capital that prevent competition and control the industries of the people without legal sanction or public approval. We favor such amendment to the interstate commerce act as will more fully carry out its prohibition of discriminations in rate making and any modification of the tariff schedules that may be required to prevent their affording shelter to monopoly."

Argue on Tariff.
The only controversies were over the tariff and trust utterances of the platform and they were settled in the committee, on resolutions in favor of a reiteration of last year's utterances with an addition to the trust plank congratulating President Roosevelt for the inauguration of judicial proceedings to enforce the anti-trust laws.

With the exception of the address of the temporary chairman the convention was devoid of oratory. No nominating speeches were made, and the notable visitors, who included the entire Iowa delegation in congress excepting one, were not called upon. The meeting of the committee on resolutions developed the expected controversy, over reaffirming that

clause of last year's platform which declared for "any modification of the tariff schedule that may be required to prevent their affording shelter to monopoly."

BIG BLAZE AT THE STOCKYARDS

Lipton Warehouses Destroyed, Entailing a Loss of \$250,000.

Chicago, Ill., July 31.—Almost a quarter of a million dollars' worth of cured meats were destroyed in less than an hour by a fire which swept through one of the big Lipton Packing Company warehouses at the stockyards. Great buildings, stocked with product valued at millions of dollars, were threatened by the sudden rush of flames through the heart of the monster plant of the packing company, but the speedy work accomplished by the volunteer fire department, made up of employees of the company, saved all of the adjoining structures from damage.

FORM A BIG GROCERY COMBINE.

Jobbers in Four States Unite With \$5,500,000 Capital.

Lansing, Mich., July 31.—A consolidation of a large number of wholesale groceries in Michigan, Indiana, Illinois and Ohio has been effected and a corporation organized known as the National Grocery Co. of New Jersey, with a capital stock of \$5,500,000. The articles of incorporation of the company were filed here with the secretary of state.

Kills a Farmer.
Grenada, Miss., July 31.—At Rosebloom, fifteen miles from here, in Tallahatchie county, Adelle Allison, a farmer, was shot and killed by another farmer and neighbor, John Little.

Carnegie's Gift to Morley.
London, July 31.—Andrew Carnegie, who bought the famous library belonging to Lord Acton, has presented it to John Morley.

DANDERINE Makes Hair Grow

Photographed by STEVENS

RUTH HARDY 21-3-41 ST. AVE. CHICAGO.

Chicago, Jan. 30, 1902.
—Dear Sirs: Two of my girl friends and myself have been using your Danderine for several months. We all commenced using it about the same time, and we are seeing which of us can grow the longest hair. For a month we used it once a day, after that twice to three times a week. All of our hair is much thicker than it was, and mine is fully seventeen inches longer. It seems the longer it gets the faster it grows. Are we using it to the very best advantage? Kindly answer at once.
Respectfully, Ruth Hardy

Nearly Every Lady in the City of Chicago Uses Danderine,

and if you will look at the wealth of luxuriant and beautiful hair exhibited in the above photograph you will see the reason for it. It is the only remedy ever discovered that will make hair grow and stop it from falling out (we back that statement with five thousand dollars). Chicago, St. Louis, Kansas City, New York and Boston dealers are now buying it by the car load in order to supply the tremendous demand, which its unbounded merit has created. Freely substantiated proof of merit, is it not? Be sure you get the genuine, made only by the Knowlton Danderine Co., Chicago.

NOW at all druggists in three sizes, 25c., 50c. and \$1.00 per bottle.
FREE acts. The Knowlton Danderine Co., Chicago, will send a large sample free by return mail to anyone who sends us this advertisement with their name and address and 10c. in silver or stamps to pay postage.
